**Geometry Through Origami Grading Rubric**

Please be honest when scoring your graphs. Mr. Curtis will consider your grade based on your honesty, and will include it with your final grade for the project.

**Cube (1 & 2)**

Score	Description	Your Score
<b>2</b>	<b><i>Exceptional-</i></b> Cube is professional constructed. Cube is presentable and creative. Cube is completely intact and not loose.	
<b>1</b>	<b><i>Approaching.</i></b> Cube is constructed. Cube is presentable and creative. Cube may be slightly loose.	
<b>0</b>	<b><i>Not Completed</i></b> Cube is not complete.	

Was the piece turned in on time? (circle yes or no)      Yes or No

**Tetrahedron**

Score	Description	Your Score
<b>2</b>	<b><i>Exceptional-</i></b> Tetrahedron is professional constructed. Tetrahedron is presentable and creative. Tetrahedron is completely intact and not loose.	
<b>1</b>	<b><i>Approaching.</i></b> Tetrahedron is constructed. Tetrahedron is presentable and creative. Tetrahedron may be slightly loose.	
<b>0</b>	<b><i>Not Completed- Did not complete.</i></b> Tetrahedron was not completed.	

Was the piece turned in on time? (circle yes or no)      Yes or No

**Calculations**

Score	Description	Your Score
<b>2</b>	<b><i>Exceptional-</i></b> <i>The student showed complete work in solving the area, volume, and surface area of their cubes/tetrahedron. Calculations are accurate.</i>	

<b>1</b>	<b><i>Approaching-</i></b> The student found the area, volume, and surface area of their cubes/ tetrahedron. Few mathematical mistakes in calculations.	
<b>0</b>	<b><i>Not Completed-</i></b> <i>Did not complete.</i> Calculations are not complete.	

**Were the calculations turned in on time? (circle yes or no)      Yes or No**

### **Self Reflection**

How well did you work with your partner during this project? (Things to consider; How was your time spent during class time? Did you distract others? Did you finish on time? Did you try your best? Write 5-7 complete sentences answering these questions)

### **Partner Reflection**

How well did your partner work during this project? (Things to consider; Did he/she help you? Was he/she a distraction during class? Did he/she use their time wisely? Write 5-7 complete sentences answering these questions)
