Directions: As we are continuing our research on the causes and problems about Climate Change, and it's affect on San Diego, we need to be able to communicate solutions to these problems. We will be visiting the EPA website, found on my DP under the title "What Can You Do?", to help us find practical solutions. Be sure that as you write each of your solutions you explain how each one really helps.

1). List 5 things you can do at home to prevent the effects of climate change.
